

Pictures for Renew Day 2

1030-1100 : Plan B

Brage Johansen, Jørn Haanæs, Aleksander Stokkebø

All focus here?

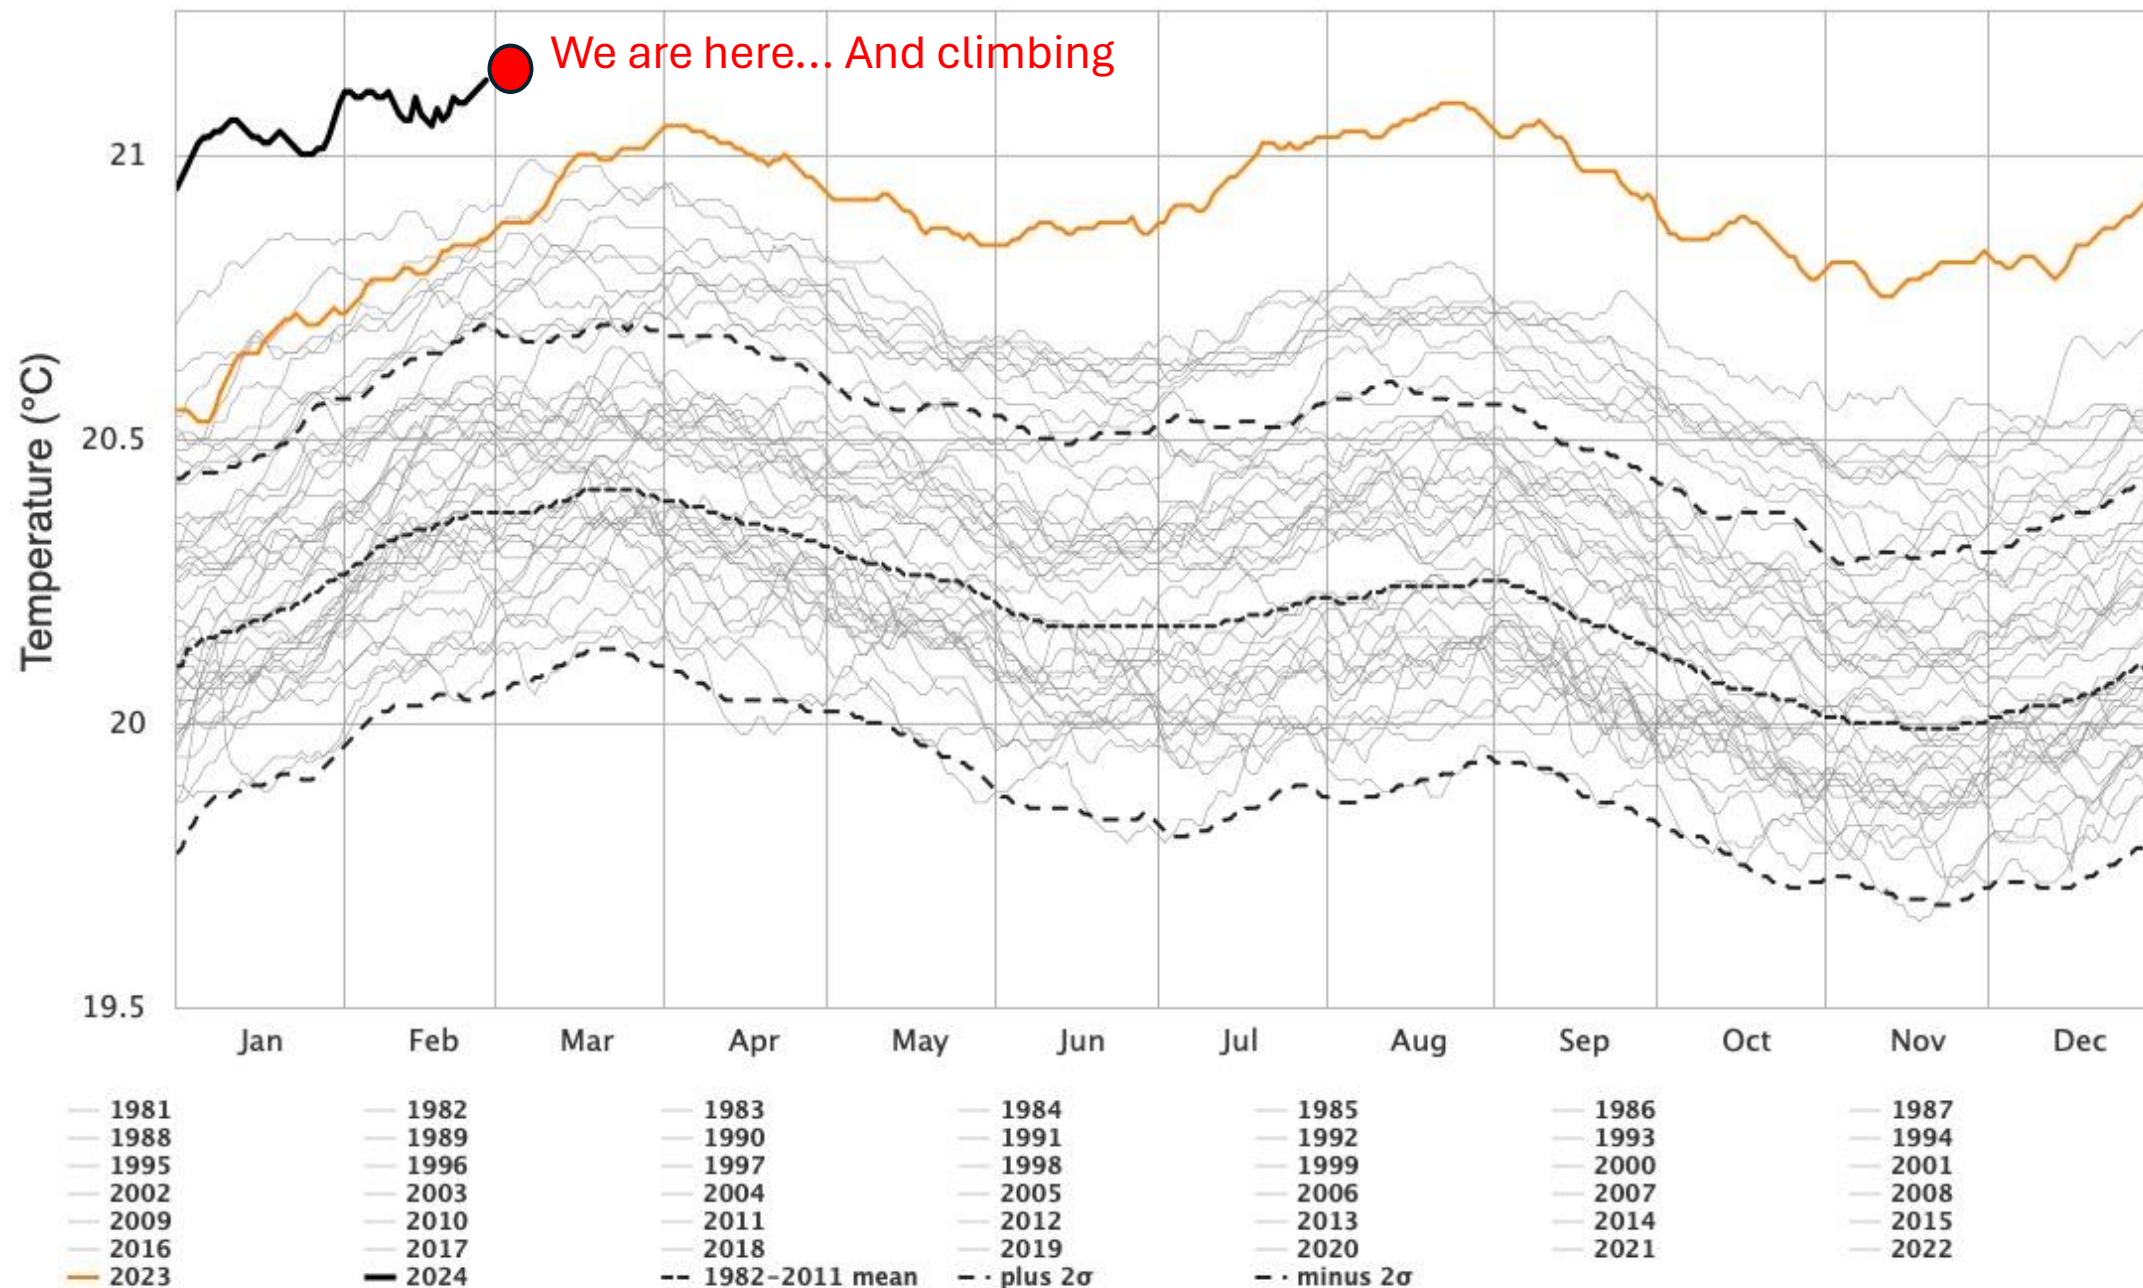

- Global crisis of lack of trust (in states/nations, between states....)
- Demography old people / few births (in some areas)
- Demography of people growth (in some cities)
- Climate crisis (1,7 C warmer and rising...)**
- Extreme weather (result of climate crisis)
- Nature crisis (less wildlife and pure nature)
- Environmental crisis; pollution; microplastic, Nox, metals + + +
- Desertification (man made, and climate)
- Health (new epi- and pandemics, diseases spreading)
- Food crisis
- Energy crisis
- Resources crisis (minerals, metals)
- Economic (national and world debt growing, supply chains fails)

What changes all:

•**War**

Daily Sea Surface Temperature, World (60°S–60°N, 0–360°E)

Dataset: NOAA OISST V2.1 | Image Credit: ClimateReanalyzer.org, Climate Change Institute, University of Maine

Its time to
adapt to
a warmer
climate....

- Floods
- Droughts
- City design
- Sinking land
- Rising sea
- Change in biology
- Extreme weather

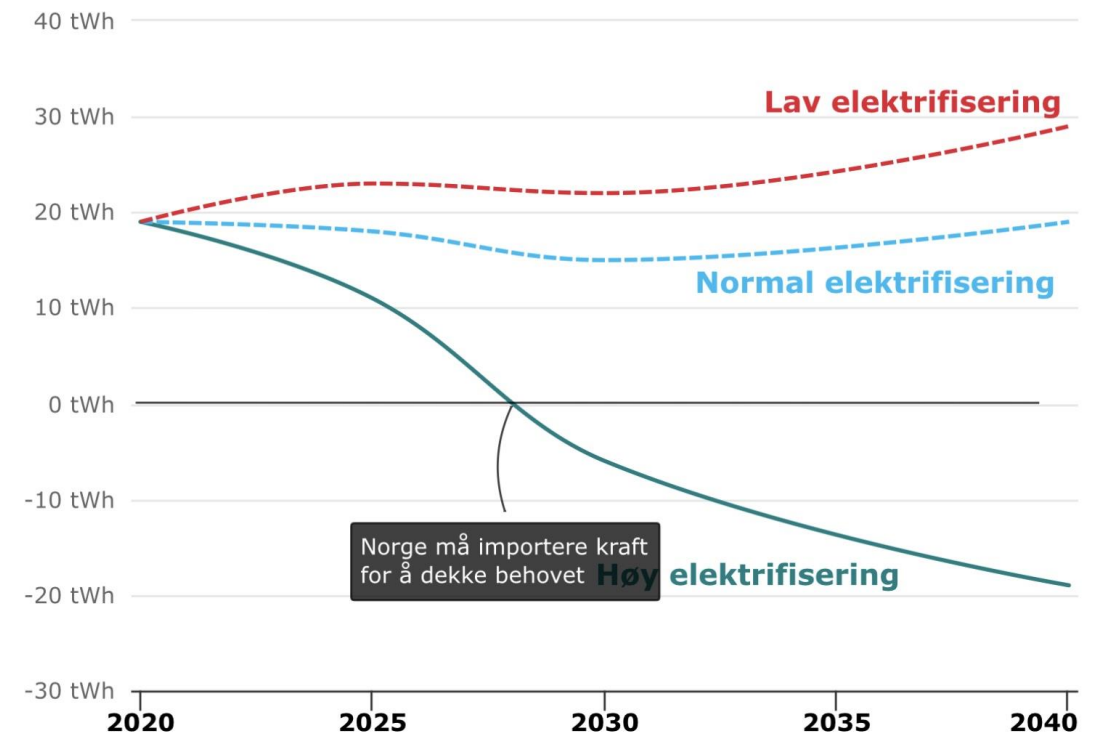

Norway runs
symbolic climate
projects that put us
in a vulnerable
position

I ein podkast-samtale med [Nettavisen](#) antydar Statnett-sjef Hilde Tonne at den norske hovudstrategien for å halvere utsleppa på sokkelen innan 2030 er ein *åndssvak* ide.

– *Eg er heilt imot det, eg synest det er heilt åndssvakt, seier programleiaren.*

– Her skal eg vere varsam med å seie kva eg meiner, for det kan hende at vi er einige, svarer Tonne i ein lett ironisk tone.

Norges fremtidige kraftbalanse

A new
situation.
NRK,
Last week:

Forsvaret trumfer miljø: Tillater femdobling av utslipp

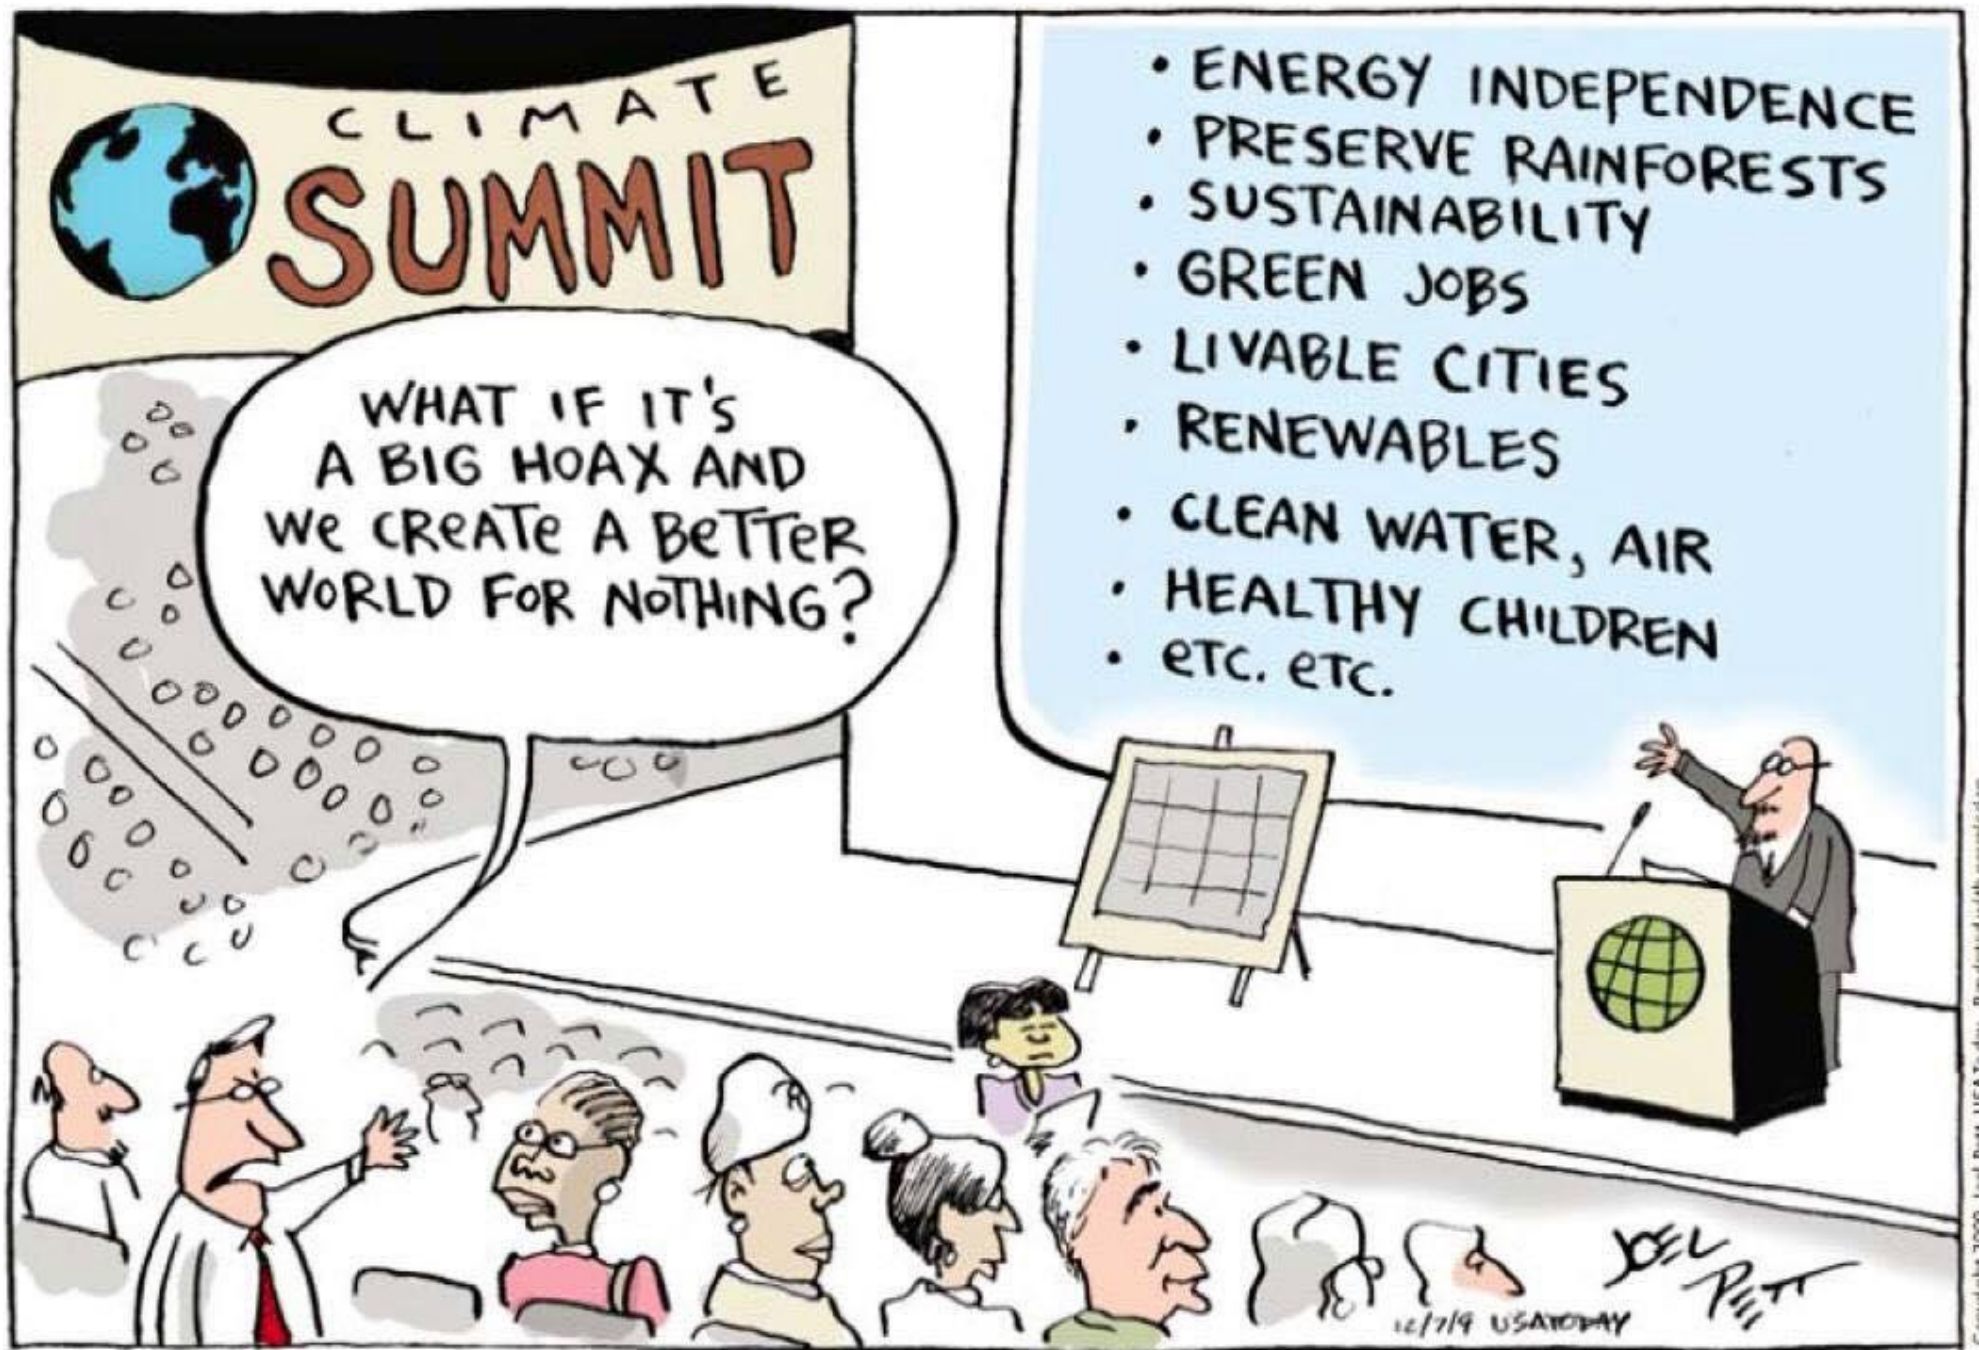

Alle andre rundt Oslofjorden pålegges kostbare kutt i utslipp av nitrogen. Men regjeringen lar en sprengstoffabrikk femdoble forurensingen sin.

FORURENSER: I 2022 slapp Chemring Nobel ut 20 tonn nitrogen i Oslofjorden. Nå får de lov til å slippe ut opptil 200 tonn.
